**For the fourth consecutive year, DLA Piper earned the top legal advisor ranking in the Nordics for overall M&A deal volume, according to *Mergermarket's* 2020 league tables.**

Our Corporate M&A team was involved in 155 transactions in the Nordics in 2020. Regardless of COVID-19, the number of deals we were involved in the past year ended up close to 2019 figure (163 deals).

Anders Malmström, Partner in Stockholm and Head of Corporate in the Nordics, comments: "For the fourth year in a row we are number one in the Nordics when it comes to number of M&A deals. We have been advising on a great number of high profile cases, such as Polhem's purchase of Telia Carrier and Stillfront's acquisition of a large number of gaming companies around the world. Our dedicated Nordic team has worked hard committing to deliver the highest level of service in each transaction. We are looking forward to a busy 2021 helping our clients with their businesses."

As the only pan-Nordic Corporate M&A team, and [the largest international law firm in the region](#), DLA Piper is the perfect alternative for all companies requiring corporate services on a Nordic level.

The Nordic Corporate M&A team consists of more than 120 lawyers. Globally, we have approximately 1000 lawyers dedicated to corporate and M&A work. In November we published our *Global M&A in 2020: Impact of*

*COVID-19 report* focusing on how deal activity responded to the disruption caused by the pandemic. Learn more [here](#).
